

ELECTRONIC CONTROLLER

CF 100

Electronic controller for manual control of the dosage of the product of disk fertilizer. Thanks to the controller CF100, the user can set the opening of the two gates and enable and disable both sides. With this equipment you can know the position of the gates whenever you need through the displays.

Connection of the controller to the actuators is via a cable connected to the controller with a metal connector.

It can be configured according to the customer's needs and personalized with their company's logo, pictures of functions, text, corporate colours, etc..

TECHNICAL FEATURES

Supply:	12 V
Working temperature:	-20 a +80 °C
Degree of protection:	IP65 – DIN EN 60529
Measurements (DxWxD):	120x122x58 mm.
Weight:	382 gr.
Homologations:	EN 60950:1992
Bracket:	Magnet
Included materials:	Linak actuators

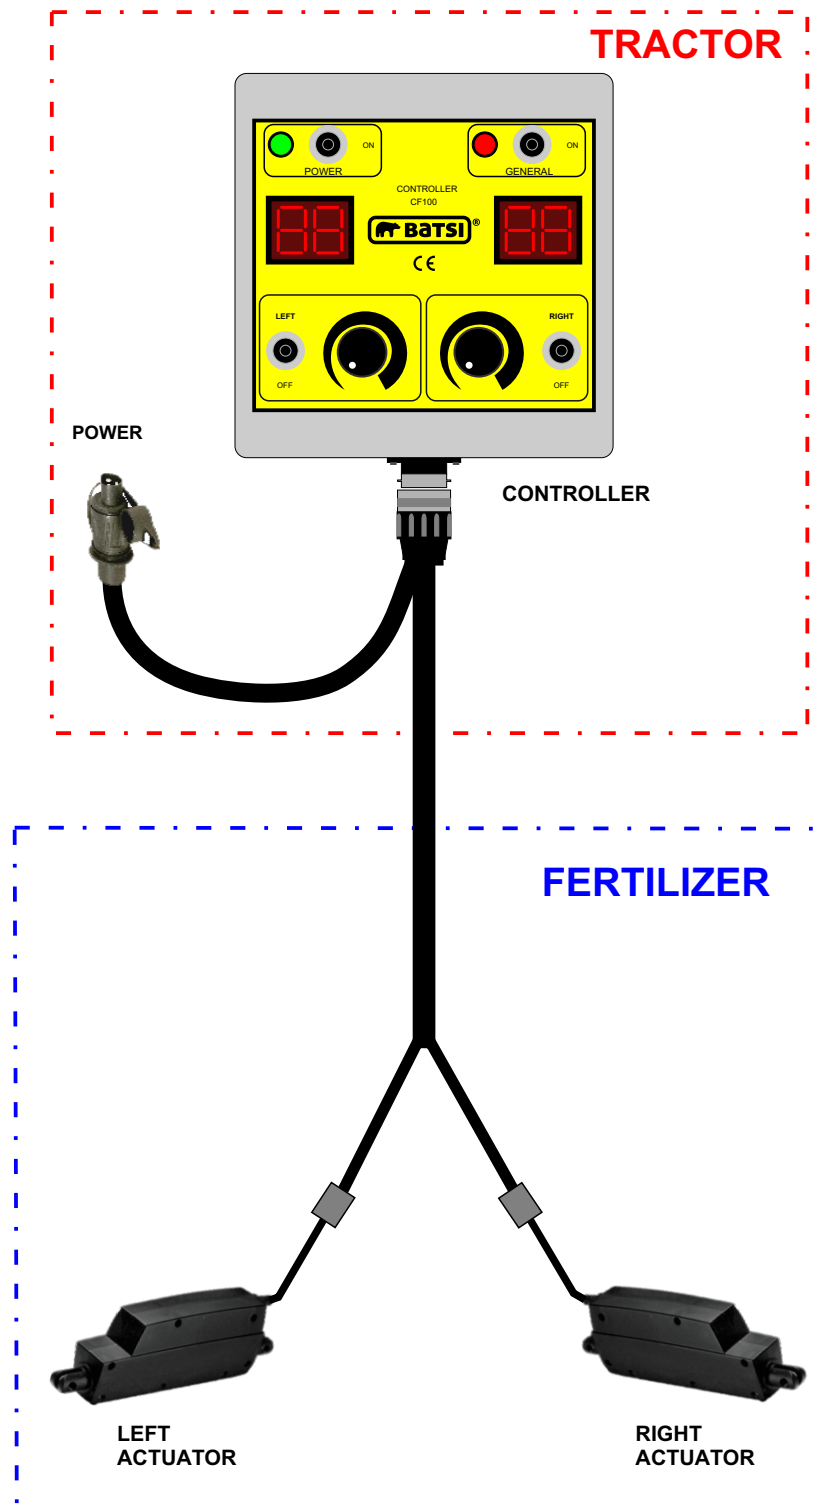

Product code:
CF100
